Register at <https://bit.ly/DElinIndustry>

Join representatives from Corporate Dean's Club for Innovation member companies to hear how they address issues of justice, equity, diversity and inclusion in their workplace.

The Cal Poly College of Engineering is committed to fostering a diverse, equitable and inclusive community that prepares our students for the future. This commitment includes relationships with industry partners who are equally committed to diversity, equity and inclusion. Hear from representatives from the nine member companies of the College of Engineering Corporate Dean's Club for Innovation about how they and their companies work to further DEI in engineering.

After registering, you will receive a confirmation email about joining the webinar.
