Subject: **2023 International Faculty Partnership Seminar**

The 2023 CSU International Programs (CSU IP) International Faculty Partnership Seminar will take place in Tokyo, Japan, at Waseda University and Tsukuba University from June 19 – 23, 2023. The seminar provides international experiences for faculty of diverse disciplines from the CSU campuses. Participants will learn more about CSU IP and the experiences of students participating in them while interacting with faculty colleagues from our partner universities and CSU campuses.

This year's seminar will focus on interdisciplinary dialogues and through participants' formal presentations. The theme for the seminar is "Challenges and Transitions: Japan, California, and the World." We invite faculty to [apply](#) as a participant or presenter. The presenter can submit proposals to present their research related to the theme.

Through participation in the CSU IP International Faculty Partnership Seminar, CSU faculty will have the following opportunities:

- Engage with colleagues and explore the seminar theme within their own and related disciplines
- Learn more about international opportunities available through CSU IP for themselves and their students
- Establish professional connections and contacts with colleagues from the host institutions
- Familiarize themselves with international partner institutions

Faculty interested in applying for the seminar can complete the [application](#) by November 15, 2022.
