

# MENTAL HEALTH FIRST AID FOR HIGHER EDUCATION

*It was clear to me we needed to do this [Mental Health First Aid]. I wouldn't let it go... My sense is we have a responsibility to pay close attention to the issues and look after our community [campus]."*

— Donald H. DeHayes,  
Provost and Vice President for  
Academic Affairs, University of  
Rhode Island

## WHY MENTAL HEALTH FIRST AID?

Prepare your campus to address mental health and substance use challenges commonly experienced in higher education settings. Developed by people with lived experience of mental health challenges and professionals, this course teaches early intervention techniques and improves mental health literacy to help you understand, identify and respond to signs and symptoms of mental health and substance use challenges.

Our engaging training program will help you decrease stigma, address tough challenges, and allow your students, professors, and other school faculty to show up fully in their daily lives and support those around them.

<p><b>88%*</b></p> <p>of college students reported their school life to be stressful.</p>	<p><b>60%*</b></p> <p>of college students met the criteria for at least one mental health challenge.</p>	<p><b>1/2*</b></p> <p>of college students followed from freshman to junior year met criteria for at least one substance use challenge during that time.</p>
