Phone: (240) 713-7316

### PROGRAM SPANS VARIOUS TECHNICAL AREAS

**OVER 450  
RESEARCH PROGRAMS**

- Laser Systems
- Defensive Space Control
- Engineering Physics
- Cyber and Information Technology
- Aerospace Sensing Technologies
- Weapons Modeling and Simulation
- Intelligence, Surveillance and Reconnaissance
- Aeronautical and Astronautical Engineering
- High-Power Electromagnetics
- Space Situational Awareness
- Nuclear Engineering
- Mathematics and Statistics
- Safety In Military Operations
- Electrical and Computer Engineering
- Engineering Applications of Materials
- Operational Sciences and Logistics
- Responsive Space and All Areas of Small Satellite Development
- Directed Energy and Electro-Optics
- Test and Evaluation of Air, Space and Cyber Systems
- Behavioral, Physical, and Physio-logical Aspects of Human Performance
- And more...

### How To Apply

Check Your Eligibility

Find a Research Program

Contact Research Program Advisor

Prepare Proposal

Complete Online Application

Applicants must be U.S. Citizens at time of application. Dual U.S. Citizens may apply with an exception to those applying to Directed Energy and Space Vehicles Technical Directorates that requires U.S. Citizenship only.

### Program Benefits

Payments for stipend, living allowance, and travel for Fellow and Accompanying Graduate Student.  
Onsite Applied Research at Air Force Facility collaborating with Air Force Scientist and Researchers Nationwide.

Faculty members from HBCU/MSI as designated by the U.S. Department of Education are especially encouraged to apply
