

KIND - Research Alliance Seed Grant- Request For Proposals

Due: October 22, 2023, 11:59 pm PST

Goal

The goal of the KIND Program Research Alliance is to develop teams of multidisciplinary researchers to promote collaborative cross-campus research. The aim is to establish a structure to foster inclusive faculty research networks leading to improved research productivity for participating faculty.

Who can apply?

All full-time faculty members (tenured, tenure-track) can apply. However, we encourage tenure-track women and underrepresented minorities (Black, Hispanic, Native American, Alaskan, Pacific Islander) to apply. There are certain eligibility criteria for the lead faculty for the KIND Research Alliance seed grant (not the actual external grant). There are some 'KIND extra credit' points for forming diverse teams and demonstrating the need for funding. Please refer to FAQ and evaluation rubric.

Funding

The total funding available for this year is \$20,000, to be distributed among 4-5 teams. The budget for each team is expected to be in the range of **\$4,000 to \$5,000 (max)**. The funding can be used for activities permitted under professional development funds (e.g., conference travel, subscription, lab supplies, books, and travel for collaborative networking activities). More details on reimbursements will be included at the time of the award.
