

# Fire Protection Engineering Information Session

**When:** Thursday, Oct. 5<sup>th</sup>, from 11:10 a.m.-noon

**Where:** ATL (Building 007, Keck Lab)

**Have you ever heard of fire protection engineering?  
Come to an information session and learn about this exciting  
career opportunity.**

Fire Protection Engineers design fire protection systems for buildings and structures so that people may safely exit these buildings in the event of a fire. Right now because of the increase in wild fires and the change in construction materials there are many job opportunities in this field.

The information session will explain the profession and potential careers, will discuss the graduate program in fire protection engineering at Cal Poly, and finally will talk about the companies coming to the fall career fair who are specifically here to hire for these positions.

The information session is next Thursday, Oct. 5<sup>th</sup>, from 11:10 a.m.-noon in the ATL (Building 007, Keck Lab). Come and learn about this profession. Lunch will be provided.
