

# ENGINEERING CHANGE OF MAJOR WORKSHOPS

If you are interested in changing your major *into or within the College of Engineering* and want to understand the change of major process better and how to gain confidence in your choice, we recommend attending this workshop. An Engineering Student Services (ESS) Academic Advisor and Career Counselor will review the policy and procedure for changing your major to an engineering discipline and help you strategize next steps to become more confident in your major decision.

**Register via Handshake - links on ESS Change of Major Website (use QR code below)**
