What do we offer?

Variety of Options

- 4 Different Types of Universities
- 24 Partner Universities
- More than 40 Subject Areas
- From Metropolitan to Provincial Areas

Academic Excellence

- High Ranking Universities
- Tailored Academic Programs for CSU Students
- Career Opportunities

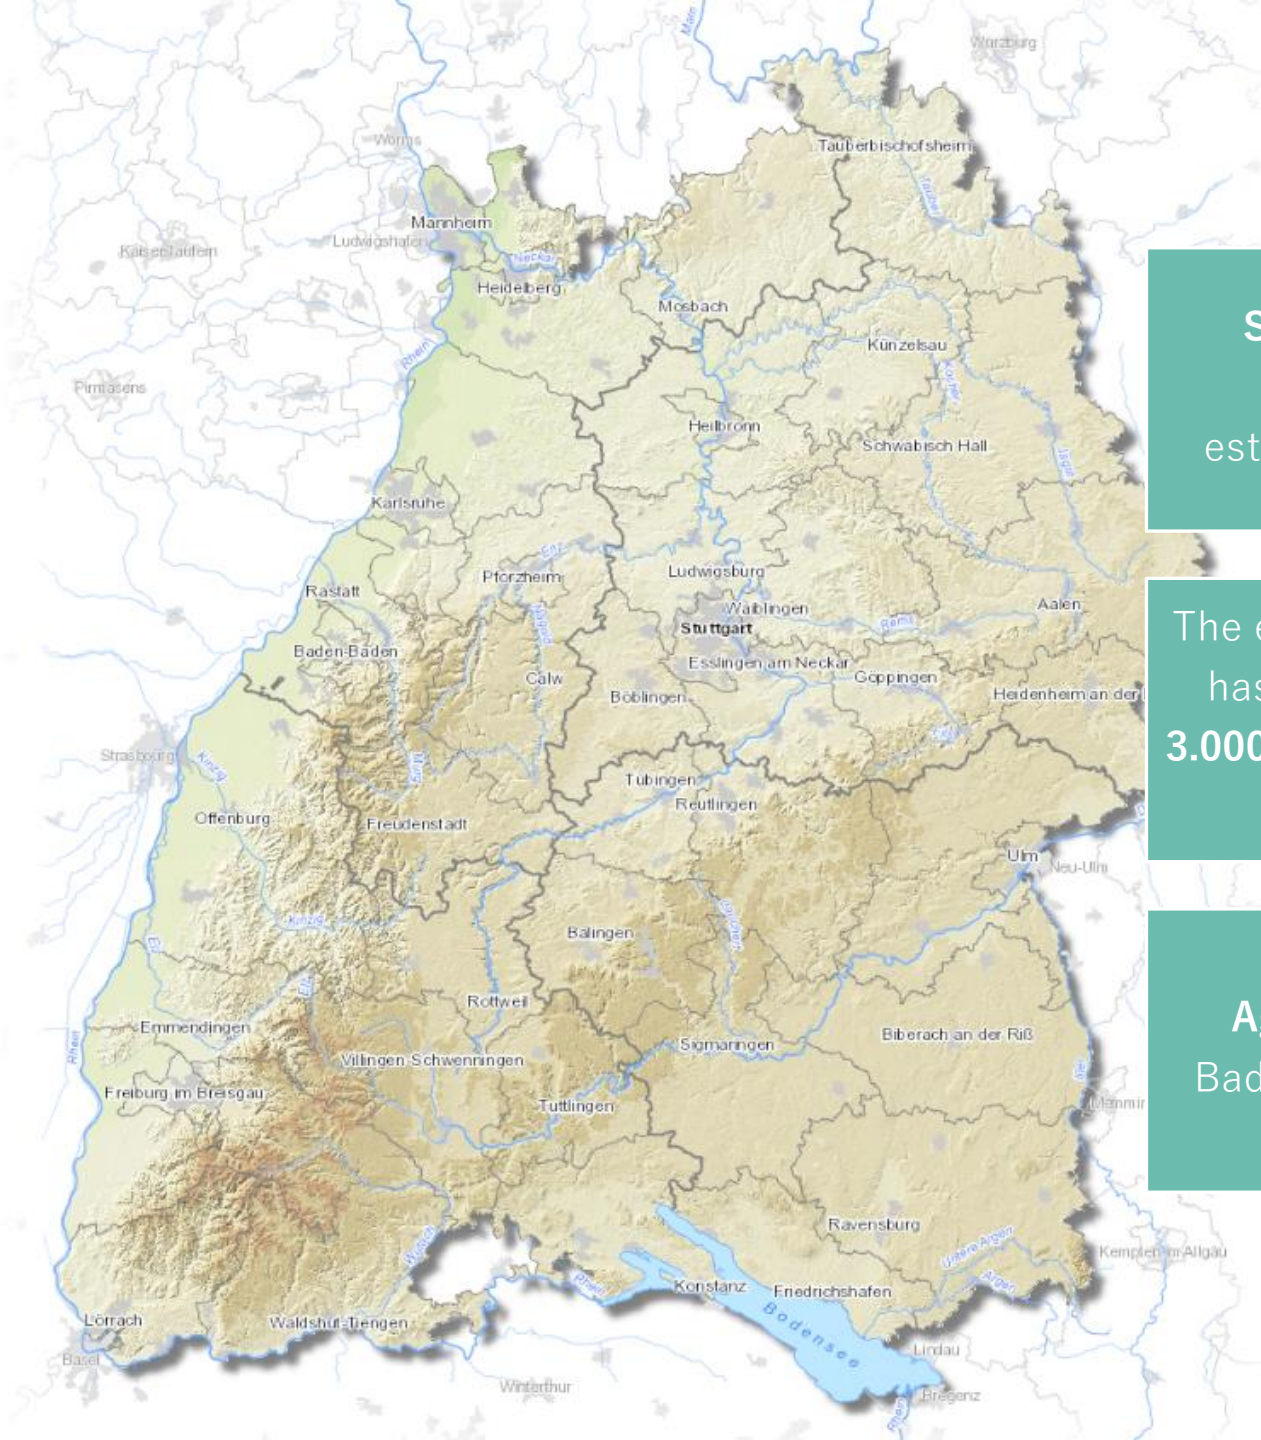

Support System

- CSU IP Staff on-site
- Support from German Ministry
- CSU IP and Host University Orientation Programs

Baden- Württemberg and California

State-to-State Exchange

State-to-State
cooperation
established in 1995

The exchange program
has facilitated over
3.000 students the last
30 years.

Sister State
Agreement with
Baden-Württemberg
since 2018

Variety of Options

CSU IP Exchange Program includes Cooperations with:

9 Research Universities

Research universities are at the heart of Baden-Württemberg's tertiary education. They provide an academic education and a high-level link between research and teaching. They regularly come out at the top of Germany-wide university rankings.

10 Universities of Applied Sciences

Universities of Applied Sciences combine academic education with project-oriented learning, e. g., through simulations, practice firms and working together on research projects with companies or other partners. This is an excellent way to combine theoretical and practical training.

2 Universities of Education

Universities of Education specialized institutions for educational sciences. Their courses aim to professionalize the full spectrum of careers in education, i.e., to provide well-qualified professionals for careers in education in all areas of society and for all ages.

3 Universities of Arts and Music

Universities of Arts and Music in Baden-Württemberg cover the whole spectrum of artistic education. Depending on the particular course, subjects are taught in classes, small groups or individually.

PROGRAM HIGHLIGHTS

CSU IP GERMANY – STUDY ABROAD PROGRAMS

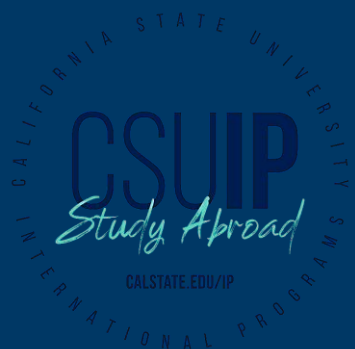

Language & Culture Program

CSU IP Germany

University of Tübingen

Pre-Semester	6-Weeks Intensive Language Program and Host Family Stay (<i>all proficiency levels</i>)
Fall Semester	Study Program designed for CSU IP Students focusing on the German Language, Culture, History, European Perspectives, Intercultural Communication and General Education
Spring Semester	Academic Courses at University of Tübingen or Transfer to another University in Baden-Württemberg according to your major

Language & Culture Program

Pre-Set Course Program
(Fall Semester)

University of Tübingen

Experience German Culture

- By actively approaching, interpreting, and reviewing literature, film, etc., students learn about political, social, and ecological contexts shaping everyday life and culture in Germany.
- Includes 15 hours **service-learning** component.
- 3 CSU units are awarded.

German History and Civilization

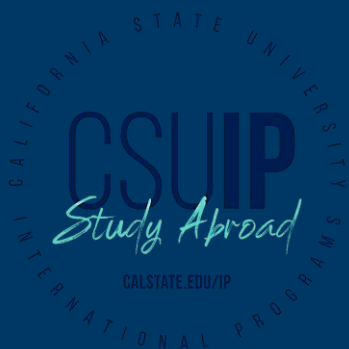

- A survey of the political, social, economic, and cultural aspects of contemporary Germany in a European context.
- 3 CSU units are awarded.

Intercultural Communication

- Students will explore the relationship between communication, and culture, factors that influence intercultural interactions and learn to respond to cultural misunderstandings and conflicts. The class offers the opportunity to visit a German school class and engage in a dialogue about heritage, history and culture.
- 3 CSU units are awarded.

German Language Learning Course

- German language learning courses offered for all levels (A1-C2)
- 3 to 5 CSU units are awarded depending on course workload

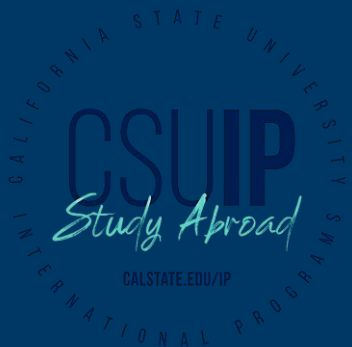

Language & Culture Program

Tübingen Advantages	<ul style="list-style-type: none">▪ CSU IP students are exempted from presenting proof of sufficient funding for their residence permit application (usually, 992€ per month)▪ CSU IP office located in Tübingen▪ Housing in student dorms guaranteed

Engineering Programs

CSU IP Germany

Reutlingen University

Course Offering

English-Taught undergraduate courses in:

- Mechatronics
- Mechanical Engineering
- International Project Engineering

Academic Focus

Scientifically sound and practice-oriented engineering education

Recommended for:

Junior and Senior (Mechanical) Engineering Students

Civil Engineering Program

CSU IP Germany

University of Applied Sciences Biberach

Course Offering

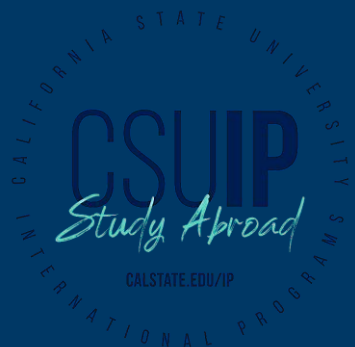

Project Engineering Course + further English taught electives in Civil Engineering, such as Construction Management

Academic Focus

- Intensive Learning and Working Atmosphere
- Use of current Projects from Practice as Examples
- Work in Small Groups

Recommended for:

Junior and Senior Students of Civil Engineering

University of Applied Sciences Biberach

Engineering Programs

CSU IP Germany

Ravensburg-Weingarten University (RWU)

Course Offering

English-Taught Bachelor-Programs in:

- E-Mobility and Green Energy
- Mechanical Engineering / International Project Engineering
- Electrical Engineering and Information Technology
- Mechatronics
- Physical Engineering

Academic Focus

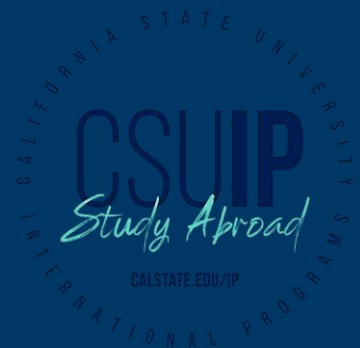

Interdisciplinary competencies, practice-orientation, applied research

Recommended for:

Sophomore and Junior Engineering Students, in particular Mechanical Engineering

Computer Science Program

CSU IP Germany

University of Applied Sciences Ulm (THU)

Computer Science

English-taught Bachelor program with approx. 40 English-taught courses each semester

ICEP (Spring-only)

Special “International Computer Engineering Program” (ICEP) for Exchange Students with pre-set course program in English:

- Computer Networks
- Operating Systems
- Mobile Application Development
- Computer Architecture

Recommended for:

Students with a major or minor in Computer Science
