

DATA ARE A FEMINIST ISSUE

“
Considers how inequality
permeates all stages of data
science.
”

“
A data science that exposes
and challenges power and
the intersecting oppressions
that result.
”

“
Looks at many axes of
inequity including
race, gender, class,
ability status, and
more.
”

Come take Data Feminism (STAT 270)
with Dr. Theobold on
Tuesdays from 12-2
