

Cal Poly College of Engineering

# EPIC + SURP Faculty Mentor

Interested in engineering education research?

Want to study the effectiveness of Cal Poly EPIC outreach labs?

Want to get paid to do summer research with undergraduate students?

Become an EPIC + SURP faculty mentor!

## Benefits of Participating

- \$750/student compensation.
- Results publishable at regional or national engineering education conferences.
- Work directly with undergraduate students.
- Sample project ideas and faculty mentoring are available on request.

Apply here by  
Sunday April  
19th 11:59 PM
